

[1.23.0] Shipment edit

Warning!

Resource available only in the following countries: PL, IT

On this page

- [Authentication](#)
- [Shipment Edit](#)

Shipment editing rules:

- All attributes described in [Shipment creation](#) can be edited.
- Only non bought shipments can be edited, namely ones in the following statuses: `created`, `offers_prepared` or `offer_selected`.
- It is possible to edit a shipment created in simplified mode if it wasn't bought, e.g. if there were no offers
- Shipments cannot be updated during offer downloading or during buy processing.
- Editing a shipment will result in offer recalculation - old offers will be removed and new ones will replace them.
- It is possible to delete values sent during shipment creation by sending `null` value in it's place

Authentication

Access to the resource requires a valid [access token](#).

Shipment Edit

The operation allows for editing the shipment information.

Attention! Debit Clients

After editing a shipment we do not return prices for debit clients. The `rate` attribute is `null`

```
PUT /v1/shipments/:id
```

Example request

```
curl -X PUT https://api-shipx-pl.easypack24.net/v1/shipments/1 -H 'Authorization: Bearer token' -H 'Content-Type: application/json' -d '{

Error information

Errors that may appear while editing a shipment:

- `resource_not_found` - shipment doesn't exist or the user has no access to it,
- `invalid_action` - appears when trying to edit an already bought shipment (confirmed status or later),
- `shipment_locked` - appears for shipments for which the offers calculation process hasn't been completed yet (or another operation is performed on the shipment).
- `forbidden` - the token used does not have authorisation to perform the action.
